SUMMARY

Full Stack Developer with a Computer Technician degree who designed and shipped a production real estate platform in **Next.js** and **React**, integrated with a third-party **REST API**. Works across frontend and backend with JavaScript, Node.js, Python and SQL, using AI-assisted development to deliver faster. C1 Advanced English and used to working directly with clients. Seeking a remote Frontend or Full Stack role.

SKILLS

Languages: JavaScript, Python, Java, SQL, HTML, CSS

Frameworks: React, Next.js, Node.js, Flask, Tailwind CSS

Tools & Cloud: Git, GitHub, Vercel, AWS (EC2, S3, Lambda), Tokko Broker API, Salesforce (user), Botmaker, WordPress

Concepts: REST API integration, server-side rendering (SSR), responsive design, SEO, AI-assisted development

EXPERIENCE

Freelance Web Developer — Madero Realty 2026 – Present

- Designed, built and launched maderorealty.com, a real estate web app in **Next.js** and **React** for an agency with offices in Puerto Madero and Nordelta.
- Integrated the **Tokko Broker REST API** to render 400+ live listings for sale, rent and temporary rental.
- Built search with dynamic filters, an interactive map, saved properties, and contact and valuation forms.
- Improved performance and SEO with server-side rendering and Next.js image optimization; gathered requirements directly from the client and delivered end to end.

Customer Support Representative — Mera Solutions (client: Edesur) 2022

- Managed high-volume customer cases and service requests in Salesforce for one of Argentina's largest electricity distributors.

Independent Driver — Uber (part-time) 2023 – Present

PROJECTS

- Developer Portfolio (live)** — bilingual EN/ES site in Next.js and Tailwind CSS with a contact form and downloadable CV; continuous deployment from GitHub to Vercel.
- Python REST APIs & dashboards** — backend endpoints with Flask and SQL, plus simple dashboards to visualize data.
- Chatbots on Botmaker** — conversational flows with JavaScript logic to automate customer conversations.
- Arduino electronics** — hardware prototypes combining sensors, microcontrollers and C++.

EDUCATION & CERTIFICATIONS

- Computer Technician** (Técnico en Computación) — Escuela Técnica N°32, San Martín · 2019 – 2023
- EF SET English Certificate** — 65/100, C1 Advanced
- React: De cero a experto** — Udemy · **Programming** — Aprende Programando (2021 – 2025) · **Python Fundamentals** — Cisco Networking Academy (2021)

Languages: Spanish (native) · English (C1, full professional)
